

TITULESCU ȘI POLITICA FRANCEZĂ LA DUNĂREA DE JOS ÎN PRIMUL SEGMENT INTERBELIC – CÂTEVA ASPECTE

Ionela OTEA

Abstract: The great interest for this segment historic Romanian-French relationship has not exhausted altogether angles of observation, even more than that, one can see disunity Titulescu's contribution in addressing this relationship. Thus, although at first glance repetitive, the commitment to bring again under scrutiny several aspects of French policy in the Lower Danube—essential to understand how it reestablishes Europe at the end of a war and working toward the next one.
